Tips for Choosing a Topic

- Focus on your goal or purpose first.
- Make a list of special things that you know how to make, do, fix, compose, play, build, cook, program, sew, paint, or draw.
- Take a look at instructions you may have. What kind of format do they use?

- Make a list of skills that you have, such as dancing, playing sports or music, acting, writing, juggling, and so on.
- Imagine that you were hired to write a "how-to" book. What subject would you write about?
